

Live, connect, flourish

A platform integrating culture, sustainability and local economies through digital infrastructure and creative innovation.

MODEL

Creators + Audience + Territory

= Data + Audiovisual + Local activation for new markets

STRUCTURE

Consolidated governance package with legal architecture ready for scalable partnerships

Traction through:

- Strategic partnerships under construction -
Phantom Vesting positions: Technology, Commercial & Finance
- Community and territorial articulation with media and cultural activation

OPORTUNITY

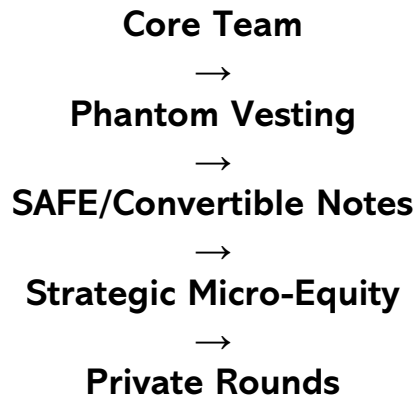

Early-stage company with scalable governance

Transforming social engagement into scalable media inventory

We are not building only a media company, we are building communication infrastructure for emerging territories

EXPANSION MODEL

PROBLEM

Talented creators without infrastructure & territories invisible to global media economy - weak monetization for local culture

SOLUTION

Flor3sta, a scalable communication ecosystem

New media spaces for creative content for digital and international markets:

- Telecom-native participatory media platform
- Distributed audiovisual production networks:
ESG + Culture + Communication
- Environmental regeneration connected to media economy
